QUALITY AND HSF POLICY STATEMENT

We aim to ensure customer satisfaction by supplying competitive products and services on time.

We are committed to meet customer requirements and to comply with relevant legislation and regulations.

We aim at internal customer relationship between business functions and processes. To reach these goals our products, business processes and organizational structures are continuously under development.

As the part of our supply chain management our partners play a significant role. We expect them to meet our requirements and further develop their own quality assurance systems.

We are committed to ensure that our Quality Policies and Quality Objectives established are compatible with the context and in line with the strategic direction of organization, and that they are implement in all our activities.

We are committed to ensure that our strategic direction of organization and management systems are risk-basked thinking, and take actions to address risks and opportunities in management system wise and product wise both.

We are committed to comply with customer quality and HSF requirements, and applicable laws and regulations influencing our products and operations such as e.g. RoHS , Standby Power efficiency requirements,etc.
